Dear Ms. Salas,

On Thursday August 23, 2001, I had a telephone conversation with Jeff Dygert of the Common Carrier Bureau to discuss AT&T's position in the above referenced proceedings. Specifically, I stated that the Commission in responding to the District Court's referral should provide general guidance on the issues related to constructive ordering present in this proceeding so that the Court would have sufficient information to make the fact specific determination required in the underlying litigation. My statements were consistent with the positions previously articulated by AT&T in filings in the above referenced proceedings.

I have submitted two copies of this Notice in accordance with Section 1.1206 of the Commission's rules.

Sincerely,

A handwritten signature in cursive script that reads "Robert W. Quinn, Jr.".
